

Driver's compartment partition  
panel and passenger seat  
protection panels

---

Irizar's solution for minimising  
the risk of Covid-19 infection

Available for Irizar  
i6S, Irizar i6, Irizar i4  
and Irizar i3le

## Maximum safety for the driver and passengers

At Irizar, we have developed a driver's compartment partition panel solution and specific passenger seat protection panels for the Irizar i6S, Irizar i6, Irizar i4 and Irizar i3 low entry coach models.

These solutions are developed and manufactured with materials that comply with the regulations of the current legislation regarding safety and driver's vision.

We will continue to innovate and provide our customers with new resources and solutions with the aim of protecting the driver and passengers and to encourage the use of public transport in this new scenario.

## Compliance with EU regulations

Regulation 107 Regarding interior fitting

Regulation 118 The behaviour of materials in fire

Regulation 46 Indirect vision systems

Regulation 80 Energy absorption
